

Cool Progress!

It has been exciting to see some of the changes that have taken place on campus this summer, largely as a result of **A Cool Million** Capital Campaign.

Because of the immediate outpouring of gifts (approximately \$230,000) and additional plans for gifts (\$400,000), we were able to do the following this summer!

Playground Parking Lot

You can see in this beautiful drone shot of our campus that the playground behind the school was repaved this summer.

Centennial Gym Windows

The replacement of these windows in the Centennial Gym completes a multi-year project to replace all the windows in the 1958 Youth Center portion of our school. The primary motivation was to improve energy efficiency, but we love the improved look as well!

Playground Improvements

We are also adding another bay of swings on our playground!

Window Decals and Painting

What are we celebrating with the 50th Anniversary of our school? Fifty years of having Jesus at the center of everything we do. This window decal in our school will remind our children of this truth all year long.

Children will also see new color in our hallways and our sport logo on the doors as they go out to the bus. Go Eagles!

Our thanks to all those who gave so many hours of their time this summer to paint the hallways!

Almost Cool!

The HVAC work has just begun. Four classrooms and the Centennial Gym will have new furnaces and air conditioning installed this fall. The remainder of the HVAC work will be completed next summer.

Plus Security!

In addition to these Cool Million improvements, our school has received a State of Wisconsin grant of over \$16,000 for security cameras and other security improvements to our school.

What's Left?

Next summer we would like to complete not only the HVAC work, but also the remodeling of the Centennial Gym with new shingles, new ceiling treatment, and improve the electrical, sound and lighting systems for our school productions and our weekly Kids Club activities.

We will be developing these plans this fall. Completion depends on the continued contributions to **A Cool Million**. We will need to receive nearly \$750,000 in gifts and plans for giving by February, 2019 to approve work to be done the summer of 2019.

Please consider a one-time or on-going gift to **A Cool Million**. You can give online at www.stpaulmuskego.org/give or clearly mark your offering **A Cool Million**.

Thanks a million!
