DIG IN @ HOME

Week of May 31, 2020

THE LESSON

God makes the world in six days. God is creative, making all different kinds of stars and planets, plants and animals, birds and fish, lands and seas. Finally, he creates the pinnacle or crown of his creation: humans! God makes people in his own image—perfect. [Read Genesis 1.](#)

God blesses humans with the ability to be creative, but humans (we) can never create like God did. To create means to make something out of nothing. Only God has the power to do that. In addition, because the first humans let sin come into the world, anything any other humans (we) make or "create" has sin in it. Thankfully, God sent Jesus to take all that sin away. Because of Jesus, we now can be creative in ways that truly please God and make our world a better place.

THE POINT

God is creative. In His Son, Jesus, we can be creative, too.

Through the Week

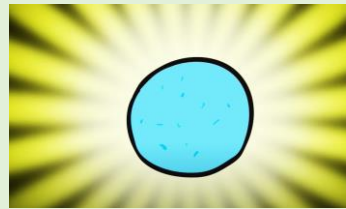

Be creative by doing things differently this week. Here are some ideas...but be creative and come up with more!

- Wear two mismatched shoes.
- Eat with an unusual utensil.
- Try a new recipe.
- Wear clothes you've never worn together.
- Make up a new game.
- Switch places at the dinner table.
- Use unusual supplies to make a craft.

3. In what different ways are you creative?
4. From where did Dominic know his creativity came?
5. Dominic said, "It's our job to be creative, to teach the words of the Creation Master." What did Dominic mean?
6. Dominic also said, "We have to think about what we say [when we talk about God] and we've got to really inspire people with our creativity." How could someone use their creativity to inspire people about God?
7. What creative way could you tell someone about God?
