

**JOIN US** for "Kick Out" Sunday next week (May 19). You can join your child's class and participate in all of the Large Group and Small Group activities with them. You'd learn more about what we've done all year and have some GREAT fun!

### Through the Week

- Head to the fridge and look at any pictures of family members or people outside your family.
- Remove the magnets, and watch the pictures fall.
- Talk about how magnets prevent the pictures from falling down, but without the magnets the pictures fall.
- Compare how having God in our lives is like having magnets on your fridge.
- If you don't already have a picture of each person in your household, get pictures and use magnets to hold them up. People can also write prayer requests and hold them up with magnets.
- Put all the pictures and prayer requests near the bottom of the fridge.
- Throughout the week, pray for the people and prayer requests on the fridge. When you pray for someone, move that picture or note up higher.

**Talk About This...** Tell about a time you questioned if God was really there. Looking back, how do you know he was?

WEEKLY ATTENDANCE & OFFERING TOTALS

**58 • \$574.55**

Daniel is a trusted advisor to King Darius. But the other advisors are jealous of Daniel, so they convince the king to sign a law that bans praying. Daniel still prays, so the king has to punish him by throwing him into a lions' den. But God won't let us down, and he rescues Daniel.

In our Large Group session we looked at several paintings of this Bible story. It is one of the most illustrated lessons of the Bible. Why do you think that is? What about this lesson and its result, moves people to want to capture the scene for all time? Google "Daniel in the Lion's Den" and see for yourself. Talk about the images with your kids. How does the lesson help us to know that God won't let us down either?

**WATCH AND DISCUSS** the videos for this week's lesson on the Kids Club Resources web page: <http://stpaulmuskego.org/grow/sunday-morning-youth-ministry/kids-club-weekly-resources/>

**W A N T E D ! !**

More great teachers and aides for Kids Club. Contact Dr. Nelson if you'd like to learn more about joining the team.

**KIDS CLUB WILL CONTINUE USING  
"DIG IN" SERIES THIS FALL**
